***Introduction & Welcome Message***

Welcome to the 2019 Qatar Cross Country Rally!

We are delighted to announce that the Manateq Qatar Cross-Country Rally will be the opening round of the FIA World Cup for Cross-Country Rallies for the first time in 2019. The event will take place on February 21-26.

We have again tweaked the format for the 2019 edition of the event. Our start ceremony and prize giving will both take place at the fabulous location of the Pearl and will feature live television coverage.

Cross-country rallies are designed to be staged over a variety of terrain and are intended to prove the skills and endurance of competitors, and the reliability of their machines. It is therefore with a great sense of excitement and pride that Qatar Motor and Motorcycle Federation, has the honor of hosting the Qatar Cross-Country Rally! We would like to extend a special thank you to Mr. Jean Todt the FIA President, for the direction and the support he has given to the development of the Cross-Country Rally discipline.

So welcome to each and every one of you; teams, organizers, FIA officials, media, sponsors and spectators to participate in one of the most testing events in the world.

Once again, thank you for this opportunity and welcome to the 2019 Qatar Cross-Country Rally!

Sincerely yours

Abdulrahman Al-Mannai  
President

### FAQ

Please note that this text has not regulatory power. It is a summary of the frequently asked questions by crews, which do not regularly take part in FIA Cross-Country events and/or are not familiar with the FIA World Cup for Cross-Country Rallies regulations.

**We recommend competitors to read carefully:**

- The 2019 FIA Cross-Country Rally General Prescription
- The supplementary regulations of the event

#### 19.1 Flame-resistant clothing (see Appendix L, Chapter III)

It is reminded that on the selective sections all drivers and co-drivers must wear homologated flame-resistant clothing:

- Overalls
- Gloves (optional for co-drivers)
- Long underwear
- Balaclava
- Socks
- Shoes

Backing material of badges and thread used for affixing them to the overalls must be flameproof.

#### 19.2 FHR

Wearing FHR on the selective sections is mandatory for all drivers.

#### 19.3 Restart

Any competitor failing to complete a leg of the rally as required by the regulations (i.e. failure to report at the TCs at the start or finish of a day within their opening times, or failure to complete a selective section within the maximum time allowed) will be given a fixed penalty of “one leg” and will be allowed to start the following

leg.

A competitor who retires from a leg but intends to restart must hand in his time card immediately on arrival at the bivouac

For the purposes of establishing a classification all competitors with zero “leg penalties” will be classified ahead of those with one “leg penalties” who will in turn be classified ahead of those with two “leg penalties” and so on.

In no case may a fixed penalty be used by a competitor who has been excluded by the Stewards.

To be included in the final classification a competitor must have checked in at the final time control during its opening period.

## 20.1 Do's and Dont's

### **Please Do**

- 16.1.1 Dress modestly. Qatar is a Muslim country and it has conservative dress codes. Trousers are acceptable for women but avoid shorts, strappy low cut tops, see through and transparent clothes.
- 16.1.2 Use Mowasalat turquoise taxis as they are safe and clean, and the majority of the drivers speak English.
- 16.1.3 Drink plenty of water, especially during the hot summer. Two liters of water per person, per day is the absolute minimum that should be drunk.
- 16.1.4 Use a high factor sun block on all exposed skin, even in the winter, including the tops of your feet if wearing sandals. It is highly recommended to wear hats or caps.
- 16.1.5 Remember the air conditioning, which can chill you at restaurants, cinemas and shopping malls. Take always along a light jacket as a precaution.

## 20.2 Please Dont's

- Take a photograph without permission of other people, including police and armed forces, or sensitive sites. Arabic women and many older people strongly object to being photographed.
- Drink too much that your behavior is affected in public. Alcohol in Qatar is

strictly regulated concession and there is zero tolerance for drunk driving, rowdy behavior and drugs.

- Display affection in public between men and women as if deemed to infringe moral values, individuals may be prosecuted.

## IMPORTANT WHEN DRIVING IN QATAR

1. Once you get into an accident please wait for the traffic police to come so that you can get an Incident report.
2. Be careful in speeding & parking as radars are available everywhere in Doha (Qatar).
3. Speeding fine goes up to 6,000/- QR. (Euro 1,100 - US\$ 1,650) & further actions will be taken by authorities depending on the violation/s.
4. If you pass through RED light the fine is 1 month in jail!
