Introduction

Automotosport Federation of the Republic of Kazakhstan is proud to present Rally Kazakhstan, a part of FIA World Cup for Cross Country Rallies since 2016. The event, near the Caspian Sea, showcases the spectacular countryside and difficult sand dunes in the region over 6 long days of arduous stages.

The Ceremonial Start and Finish of the Rally will take place on the main square of Aktau city with incredible view on Caspian Sea. This year's main hotel will be Caspian Riviera Grand Palace, the most luxurious 5-stars hotel in the city, located just 1500 meters away from the Ceremonial Start of the Rally.

Following the ceremonial start, the first stage on May 27th will move to the Caspian Seashore at Kenderly Sea Resort, just 220 km from Aktau. The resort is famous for its warm sea and shallow water. The average altitude above sea level here is above 0 meters and first stage's altitude will be around -100 meters below sea level.

We offer more than 1 900 km of Special Stages over 6 cross country stages within a total distance of 2 500 km for the competitors. The event enjoys indispensable governmental support to ensure its success, along with emergency helicopters and numerous medical cars on the route.

All other Nationalities must procure a visa prior to travelling to Kazakhstan. Additional information can be found on www.mfa.gov.kz or upon request to organizers rallykazakhstan@gmail.com

Currencies

The local Currency is Kazakhstan Tenge (KZT)

Exchange rate indications at the date of publishing:

USD 1.00 = 379,84 KZT

EUR 1.00 = 426,52 KZT

GBP 1.00 = 496,87 KZT

These rates are accurate as of 08th April 2019.

The import and export of both local and foreign currency are unrestricted. Cash amounts equivalent over USD 10,000 must be declared with the Customs.

Credit & debit cards: MasterCard and Visa are widely accepted.

Banking hours: Monday-Friday 09:00-18:00.

Water

The tap water is heavily purified and safe to drink, but we would recommend the locally bottled mineral water. Organisers will provide each person on the rally as much bottled water as needed.

Electricity

The electricity supply is 220 volts and 50 cycles; the socket type is two pin system; most hotels have adapters for electrical appliances.

Fuel

Petrol stations in the Kazakhstan are numerous, but the quality of diesel and petrol can be poor in the Region.

Organizers will provide Petrol (Super) and Diesel Euro-5 on request. Special order forms can be found on www.rallykazakhstan.com.

Most offer extra services, such as car wash, oil change. Almost all of them have small supermarkets.

Transportation

You can enter the Bivouac with a regular car, although 4x4 vehicles would be required for driving in the sand. The organizers insist that only experienced desert drivers take vehicles off road. Only vehicles with valid door plates from the event will be permitted in the bivouac.

For Aktau city, Rally Kazakhstan Organizers will provide shuttle buses from Airport to Main and Partner Hotels upon request.

Crew

Competitors, Service Crews, Media, Officials and Organization personnel will all be identified with colored wristbands.

Telecommunications

There are three main telecommunication services providers in the Kazakhstan: Beeline, Kcell and Altel.

The telecommunication tariffs are reasonably competitive.

The international dialing code of the Kazakhstan is + 7.

Driving rules

To drive in the Kazakhstan, you must hold an International Driving Permit and/or a driving license issued in your country of residence.

In Kazakhstan you drive on the right hand side of the road. It is mandatory to wear seatbelts.

Most of the roads are monitored by both fixed and movable radars. Speed limits are usually 60 km around town and 90/100 km on the highways. The speeding fines vary depending on the excess speed level.

The Traffic Police exercise a zero tolerance on drinking and driving.

If you are involved in a traffic accident, however minor, your car **MUST** remain in position and you **MUST** stay with it while awaiting the Traffic Police (by calling 102). All insurance claims require a police report to be processed.

Airport

It is worth taking a look at the website of the airport before your arrival:

- Aktau International Airport: www.aktai-airport.kz

Emergency services & numbers

- Ambulance - 103
- Police - 102
- Fire - 101

Healthcare and Medical facilities

The general standard of healthcare in the Kazakhstan is high, both in the public and private sectors, although private hospitals have some distinct advantages (predominantly English-speaking, less waiting time, less cultural restrictions).

Medical facilities are of a very high quality but are extremely expensive. Private health insurance is essential, and highly recommended.

Pharmacies are open 24/7.

Photography

Normal tourist photography is acceptable, but it is courteous to ask permission before photographing people.

In general, photographs of government buildings, military installations, ports and airports should not be taken.

Vehicle spares and services and franchises

We recommend to use the services and to buy the spares from the official car dealers of the Kazakhstan.
